Dedication

DURING our four years at Meredith, we have come to know and love a professor whose understanding and wise guidance have been extended bountifully to us in every need, whether class work or stunt productions or student government functions. Diligently she has molded our intellectual potential with the challenge of her own immense knowledge and has inspired us to even greater endeavors by her professional excellence. Because of what this very fine person means to us as a teacher, counselor, and friend, we dedicate the 1958 issue of the OAK LEAVES to

Foreword

Like the birth of a new song, we began weakly; but as the years of learning rolled by, we built into a completed composition — a symphony of Life. The memories of our college years of composing are made more wonderful for us because of the working together in sisterhood through our societies. Be you ASTRO or PHI, this edition of the OAK LEAVES strives to recall the memories of those years.

To Meredith College Students

THIS has been, I believe, an essentially good year in the life of Meredith—good in achievement and promise. If this opinion is valid and important, it is best reflected in the summary experience of you students. I hope that this edition of the OAK LEAVES will ever be to you a happy record and constant stimulus.

Cordially yours,

Senior Class History

Meredith did not belong to us immediately. As we drove up the drive on that memorable first day the brick buildings looked alien and a bit terrifying. For a while we lived in a house full of strangers, afraid to make overtures of friendliness, afraid to be thought aloof.

Gradually, gradually names began to fit faces, roommates started to share mail as well as cookies, and the class fused into a part of the school. We were almost eager to return after the long-awaited week end at home.

Timidly at first and with more assurance in the successive years, we gave a little of ourselves. Bonds began to grow as we participated in all the things—classes and conferences and tests, Christmas caroling and play day and stunt (don't ever forget stunt), gab-fest until three a.m., teas and dates and church on Sunday. All of these things we have done together, in each of the years—growing into a whole, becoming the Class of '58, becoming a part of Meredith.

We would remember particularly the "once only's"—the excitement of the dew-drenched daisy picking, the terrible tenderness of our little sisters, the pride and chagrin of the dance that blew the top off.

But most important was the four years' living. We have learned every crack in the sidewalk. We have become familiar with the ins and outs of the workings of a college. We have come to know many, many people. We have met a host of new ideas. We have loved Meredith.

And now that we have given ourselves to it, it has come to belong to us. Meredith is no longer just a college. It is *our* Alma Mater. *Our* Meredith.

Junior Class History

A Junior is a Big Sister though only last year she was singing, "Seniors, dear Seniors, our sister class. . . ."

A Junior is the girl with a major. Her freshman year she took her books home because of sheer ignorance; now she takes them home because of sheer necessity.

A Junior is an enlightened soul who finds out why there are rules at Meredith, for now she is a hall proctor.

A Junior is the designer, seamstress, composer, and actress who puts on a winning Stunt.

A Junior is the tired, soiled, sloppy workman who emerges four hours later transformed into an angel to see her creation of dreams . . . the Junior-Senior.

Sophomore Class History

This was a year for winning Corn Huskin' again . . . for winning second place in Stunt once more . . . for improving our athletic prowess in Play Day.

It was a year for "Let me not to the marriage of true minds" . . . for hydrogen, sodium, and potassium . . . for that term paper on Gothic architecture.

It was still a year for bridge games . . . for fraternity pins and diamonds . . . for our many glorious, unforgettable week ends at the "Big Four."

This was the year for calming down . . . for deciding on our majors . . . for achieving a greater degree of seriousness . . . and for gaining a little more maturity as we begin the second half of our college career.

Freshman Class History

From the bustling cities, the small towns, and the rural farms—we came to Meredith, bringing with us our enthusiasm as well as our dreams and aspirations. From the very first day we were impressed by everything—the beautiful campus, the family altars, the chapel services, and vespers. We were more than delighted with Rush Week as we firmly decided to go Phi one day only to change our minds the next and go Astro. Then came “Corn Husking Bee” and Stunt Night, and with these activities our eagerness to participate reached an all time high. Yes, we were a part of Meredith now and we loved it!

Other memories linger, and among them being our experiences with our study schedules which we tried vainly to follow and our first week end at home with its accompanying excitement. Then too, we can never forget the understanding of our “big sisters” and the helpfulness of our counselors and advisors, for without them we would have been lost.

As we reminisce, we assure ourselves that Meredith is the college for us. With this assurance in our hearts we shall, Alma Mater, through the remaining years of our college life “salute thee with a song.”

The still hush of evening was broken as one hundred and fifty voices lifted in strains of Astrotekton. The deep blue of the night was pierced as a golden star burst into flame. And Astrotekton was born. The angels smiled, for they knew that Astros are starbuilders.

What does this starbuilding business mean? It's a lovely thought, but to the Astros, it's more than just a thought. It's doing all we can to build harmony and happiness. It's basketball games with our sister society . . . Christmas joy for blind children . . . early morning serenades for freshman. . . . It's the spirit which causes her heart to beat a little faster when she hears "See thy children, Mother Astro."

May the Astros never lose sight of this star they're building. Each year may they add a little more light, until finally, their world is all aglow with Astro spirit.

Veebee, the Senior class' wittiest, expressed it well when she said, "Some people feel like a Phi, and some don't. Now me, I *feel* like a Phi." A host of students have concurred with her opinion, for something over three hundred have joined Philaretia in "Plain living and High thinking."

That "Phi feeling" expresses itself in a multitude of ways. For one thing, there's fun punning. "Hi, Phi" is the standard greeting, and on Phi days everyone is *Phine*. The *things* of Phi call out that certain feeling, too. Purple sweaters and miniature Miltons hold their rightful place as visible expression.

Then there's the pomp. The chill bumps that come whenever the chords of "Behold in shining raiment" are struck, the solemnity of Society Night, the dignity of its officers, and the poise of its marshals are all part of that Phi feeling.

But the thing that fosters the feeling most is the Phi people. Kay and Peanut, lovable and laughable, represent the best of the Society.

And ever afterwards, when we members hear "Maybe—," we'll feel Phi again.

The *Acorn* constitutionally is the literary magazine of Meredith College. Ideally it is the free voice—the voice of youth grappling with real issues, confronting life and reality. The free voice—given a ridge from which to shout and a valley through which to roam.

It is for the *Acorn* to record the thoughts of Meredith . . . truly. Then it is for Meredith to speak them . . . freely.

Day Students

KATHERINE HUDGINS.....*President*
EDNA HOLOMAN.....*Second Vice-President*

HAZEL WIGGINS.....*First Vice-President*
CATHERINE FONTAINE.....*Third Vice-President*

Yes, the Day Students are at it again. Don't you hear all that music and noise coming from the second floor of Johnson Hall? Into the two Day Student Rooms are stuffed food, bridge games and some eighty odd girls. Fully one third of our number has already earned one degree (Mrs.), and the rest of us are working on it.

This year has been a good one. Who of us can forget walking into our two rooms stripped of drapes and slip covers at the beginning of the year? Bandits? Robbers? Nope, just the cleaners. Throughout the fall we worked feverishly on homework, class activities, and the better game of bridge. The climax of first semester was reached with the wonderful Christmas caroling and our annual all night crazy mixed up party in the Hut. Such fun you never saw before.

After the shock of exams was over, we helped elect our officers for 1958-1959, and a fine bunch they are, too. Following our fun-packed spring holidays, we gathered to lay plans on how to win Play Day this year. Needless to say, the position and honor of the Day Students were upheld in this noble conflict.

We really hate to see our seniors leave us, for they have been leaders of the school as well as the spark plugs of the Day Student organization. Our hope is that we can follow in the tradition of leadership and service to the school which they, and others like them, have left us.

 NANCY JOYNER.....Secretary-Treasurer

Silver Shield's *raison d'être* is to recognize juniors and seniors outstanding in leadership, character, and scholarship and to work toward keeping fresh the right spirit at Meredith. It deals in intangibles, working as a leaven in an effort to mold attitudes of the entire student body that harmonize with the high purposes of the school.

Juniors who are associate members this year are Bobbie Conley and Jean Strole.

Kallos, Nous, Sophia—meaning beauty, sound-mindedness, and intelligence—are the Greek words from which Kappa Nu Sigma Honor Society takes its name. Students are elected to membership on the basis of high scholastic standing achieved over a period of at least two years. Kappa Nu Sigma sponsors annually a lecture which is preceded by a banquet honoring the two juniors who have the highest scholastic averages in their class and are received as associate members at this time. This year's guest speaker is Dr. Harlow Shapley.

MEMBERS: Nancy Joyner, Jane Stembridge, Betsy Lane, Inez Kendrick, Glenda Eddins, Peggy Mott, Martha Bone, Eunice Durant, Jane Maynard, Nancy Wallace.

LYNN CORBETT.....*Treasurer*

Sigma Alpha Iota is a national professional music fraternity for women. Our members are music majors chosen upon faculty recommendation on the basis of high character, scholarship, and musical ability. The fraternity's activities have been broadened this year to include more musicales by chapter members and recitals by capable musicians outside our chapter. Among the other activities which the fraternity has sponsored have been a Faculty Recital, Fashion Show, Modern American Music Recital, and many receptions. The fraternity offers many advantages, both social and professional, to its members.

Alpha Psi Omega

KATIE JOYCE EDDINS -----President SUSAN MOSS -----Secretary-Treasurer

Sponsored by the Playhouse, the Eta Nu chapter of Alpha Psi Omega was the first national honorary society on the Meredith campus, having been installed in May, 1938. This national honorary dramatics fraternity recognizes the desires and achievements of those who love the theater and its activities and of those who have excelled in dramatic endeavor connected with the college producing agent, the Playhouse. Membership is based on the quality as well as the hours of work done in campus productions. Fifty points gained by such work qualify one for membership.
